

Going Pink Supporter,

During the month of October, Diamond Products began a promotion that turned all Premium Black high speed blades and Core Bore bits pink. A portion of each sale of these products would be donated to fight breast cancer.

This promotion was a huge success and we can sincerely say **THANK YOU** for your support!

Diamond Products will be donating \$17,064.00 to the Breast Cancer Research Foundation as a result of this promotion.

This wouldn't be possible without you, the Diamond Products customer. We consider you part of the Diamond Products family and we greatly appreciate your business.

Thank you again for your support with the war on cancer.

Sincerely,

Diamond Products Ltd.
